

## Sample Papers

If your final exam paper will not be released to the Library, you must supply, to Examinations Section, a sample exam paper to be released in its place. Use your final exam paper as a template and edit the questions. Add a watermark to your document which says: 'Sample'. To do this, click on the 'Page Layout' tab. Click on 'Watermark' and select the option which shows the word 'Sample' on an angle.

Once you have created your sample exam paper, save it as a PDF file, and email it to the Examinations Section: [examinations@uq.edu.au](mailto:examinations@uq.edu.au).

Sample papers are due at the same time as final papers.
